

An Integrated Adult Wellness Service Market Testing Event

Dudley Council is inviting service providers to help shape its vision for the future of an Integrated Adult Wellness Service within the borough. The input of service providers is extremely important in helping the council explore the practicality, impact and benefits of delivering lifestyle services differently, in order to meet the needs of the local population more effectively and within the allocated financial envelope.

The Market Testing event will:

- Provide an overview of health and wellbeing in Dudley
- Communicate the overarching vision of future lifestyle/wellness service delivery
- Utilise provider expertise to shape the proposals for service redesign
- Promote collaboration to achieve a shared understanding of financial and services challenges, and build new provider partnerships
- Encourage and gauge the levels of provider interest in bidding for the delivery of services.
